Persons in such titles are hereinafter collectively referred to as "Residents."

Article 2

It shall be a condition of employment that all Interns, Residents, Chief Residents and Fellows ("Residents") covered by this Agreement who are members of CIR/SEIU in good standing on the effective date of this Agreement shall remain members in good standing. Those who are not members on the effective date of this Agreement shall on or by the 31st day following the effective date of this Agreement, whichever is later, become and remain members in good standing of CIR/SEIU.

b. It shall also be a condition of employment that all Residents covered by this Agreement and hired on or after its effective date or the execution thereof, whichever may be later, shall become a member in good standing of CIR/SEIU on or after the 31st day after the member's hire date.

c. For purposes of this Agreement, good standing shall mean the tender by Residents of periodic dues as uniformly required by CIR/SEIU or pay an agency fee to CIR/SEIU.

2. No discrimination or reprisal shall be visited against any such Resident by either party based on membership or non-membership in the CIR/SEIU.

3. The CIR/SEIU shall have the exclusive right to the check off and transmittal of dues on behalf of each employee in the unit, said dues to be checked off monthly from the paycheck of each Resident, pursuant to authorization cards in conformity with law and pursuant to the directives of the CIR/SEIU, in such amounts as the CIR/SEIU shall establish. The Hospital agrees to forward said dues to the CIR/SEIU within twenty (20) days of the end of each month.

4. It is specifically agreed that the Hospital assumes no obligations, financial or otherwise, arising out of the provisions of this Article, and the CIR/SEIU hereby agrees that it will indemnify and hold the Hospital harmless from any claims, actions, or proceedings by any Resident arising from deductions made by the Hospital hereunder. Once the funds are remitted to the CIR/SEIU, their disposition thereafter shall be the sole and exclusive obligation and responsibility of the CIR/SEIU.

5. A list of all incoming and outgoing Residents shall be provided to the CIR/SEIU by July 1st of each year and shall include names, addresses, PGY levels, and fellowship titles if any.

Program Directors will review with their Residents the implications of taking leave in the context of satisfying specialty board requirements. The Resident's Program Director shall also determine whether the Resident has satisfactorily completed the Residency Program in accordance with specialty board requirements. Leave time taken by the Resident during the year that exceeds the amount allowed by the Resident's specialty board shall be made up in accordance with residency program requirements. Where it is practical for a Resident to make-up to one night's absence due to sickness or disability, he/she shall do so.

3. Maternity & Paternity Leave. Residents who are pregnant shall, upon their request and with proper notification to their departments and documentation from their personal physician, be assigned electives and rotations appropriate to their condition, relieved of a reasonable and limited amount of night call and exposure to particularly harmful disease, radiation, and chemicals, and be allowed to schedule personal medical visits when necessary. Such requested changes shall be in conformity with the rules of the Resident's specialty board.

The Hospital may require such Residents to present documentation from their personal physician that they are able to continue at or return to work. Unless the department chairman declares that they are unable to work, pregnant Residents may continue to work as long as they perform their modified duties in such a way as to meet satisfactory levels appropriate to their specialty board and departmental requirements before they use their accrued paid and unpaid leave time as specified in Article 11.

Upon request, new mothers and fathers shall be granted up to 12 months leave of absence without pay in addition to accrued paid holidays and sick and vacation time for maternity, child care, and disability. Such Residents shall be allowed to return to their positions without loss of earned credit for full or partial years of service, providing that such accreditation allowances shall be made within the rules or guidelines of the Resident's specialty board. The payment of short term and long-term disability compensation and the extension of insurance coverage shall be as per the provisions specified in the respective plans.

b. Residents in their final year of their basic residency shall be granted up to 4 days leave with pay per academic year to attend medical conferences, participate in academic competitions, research symposiums, or interviewing. Residents who choose a fellowship option prior to their final year of training will be permitted to use this final year benefit, provided that the Resident gives their respective Program Director notice of acceptance to a fellowship program at least four months prior to the end of the academic year. Such days shall require prior departmental approval. Requests shall not be unreasonably denied.

c. The Hospital shall pay for reasonably related expenses, including travel, room and board, registration fees, and incidental spending for any Resident who is presenting a paper on behalf of the Hospital or is invited to talk at a conference, or is asked to attend by the Hospital. d. The Program Directors will have the discretion to adjust the schedule of any Resident who takes the ACGME leave described in section (b) above to accommodate time off due to Leaves. This may include moving rotations that are non-essential for graduation requirements to assist the residents due to Leave time taken. As long as a resident's rotation requirements are met for graduation as per their respective ACGME-APA-ADA-AOA-CPME guidelines, ACGME Resident Review Committee (RRC) and their respective Clinical Competency Committees (CCC) deem the resident passing necessary competencies, the resident may graduate on time, with no need for extension of their training. If, however, the above terms are not met, where mandatory rotations are not completed on time and/or their respective program CCC deems the resident's performance unsatisfactory in a particular competency, their training may need to be extended until these standards are met.

Article 13

Grievance Procedure

1. A grievance shall be defined as a dispute regarding: (a) the interpretation or application of the terms of this written Agreement; (b) regular and recurrent assignment of a Resident to duties not appropriate to a Resident or (c) a question regarding the non-renewal of the appointment of a Resident.

A grievance may be brought by an individual Resident and the CIR/SEIU, or by the CIR/SEIU alone, and shall be undertaken pursuant to a three (3) step grievance procedure as follows:

2. **FIRST STEP:** The Resident and the CIR/SEIU shall take the grievance up directly with the Department's Chair, Program Director, or Administrator involved within ninety (90) calendar days after the individual Resident or CIR/SEIU had knowledge of the occurrence of the incident on which the grievance is based. The Department Director or Administrator shall give his/her answer to the Resident and the CIR/SEIU within five (5) working days thereafter.

SECOND STEP: If no satisfactory settlement is reached at the First Step, the CIR/SEIU may present the grievance in writing to the Hospital's Vice President of Human Resources or his/her designated representative within five (5) working days after the Department Director or Administrator has given his/her answer at Step 1.

The Vice President of Human Resources or his/her representative will meet with a representative of the CIR/SEIU within seven (7) working days after receipt of the written grievance and shall give his/her answer in writing to the written grievance within seven (7) working days after he/she meets with the CIR/SEIU representative.

THIRD STEP: If any grievance is not disposed of at Step 2, the CIR/SEIU may, within ten (10) working days after it receives the Vice President of Human Resources or his/her representative's written response at Step 2, submit the dispute to final and binding arbitration pursuant to the Voluntary Labor Arbitration Rules of the American Arbitration Association.

3. Any grievance involving timely non-renewal of a resident (Article 15, #3 and #4) shall be submitted to an ad hoc hearing committee of the hospital's Graduate Medical Education Committee (GMEC) for a final decision. The hearing committee shall be

comprised of the following members: the Director of Medical Education (or designee), a Program Director from another department and two (2) Residents from other departments. An appeal of a decision not to renew an appointment shall be submitted in writing to the Director of Academic Affairs or Director of Graduate Medical Education within ten (10) working days of receipt of the written notice of the decision to not renew. The ad hoc committee shall hold the hearing within fifteen (15) working days of receipt of the Resident's request for a hearing so that the resident may respond to the charges. The Resident shall be entitled to CIR/SEIU representation at such a hearing. The ad hoc committee shall respond in writing to the Resident and the CIR/SEIU representative within ten (10) working days after the hearing. The decision of the GMEC committee is final and binding.

4. Grievances regarding the timeliness of notification of non-renewal pursuant to the Article 15, Individual Contracts, shall be submitted to arbitration.

5. In the event a grievance is of a general nature affecting either all the Residents of a single service or two or more Residents assigned to different services, the CIR/SEIU may file such grievances at Step 2 without resort to Step 1.

6. The parties shall bear equally the fees and expenses of the arbitrator.

7. Failure by a Resident or the CIR/SEIU to follow the time limits specified in this Article shall constitute a waiver of the right to further process the grievance. Failure by the Hospital to respond within the time limits prescribed shall be deemed a denial of the grievance.

8. For the purposes of the Article, workdays shall not include Saturdays, Sundays, or holidays.

Article 14

Disciplinary Action

1. There shall be no discipline imposed against any Resident except for cause and until there has been a hearing as set forth in this Article.

2. When disciplinary action is contemplated, either by a Department Chair, Program Director, or Hospital Administrator, written charges shall be simultaneously presented (within 72 hours) to the Resident and to the CIR/SEIU Contract Administrator assigned to the Hospital. A Resident may request a hearing within seven (7) working days

after receipt of the written charges. Such requests shall be in writing. Upon receipt of the Resident's request for a hearing, an ad hoc hearing committee of the Hospital's Graduate Medical Education Committee (GMEC) shall be formed. The hearing committee shall be comprised of the following members of the GMEC: the Director of Medical Education (or designee), a Program Director from another department and two (2) Residents from other departments. The ad hoc committee shall hold the hearing within fifteen (15) working days so that the Resident may respond to the charges and provide exculpatory evidence. The Resident shall be entitled to CIR/SEIU representation at such a hearing. The ad hoc committee shall respond in writing to the Resident and the CIR/SEIU representative within ten (10) working days after the hearing.

3. In cases where the disciplinary action is upheld after the foregoing procedure, the CIR/SEIU may, within 10 working days after it receives the hearing committee's written decision, submit the dispute to the Vice President of Human Resources or his/her designated representative for a Step 2 grievance hearing. The Vice President of Human Resources or his/her designated representative will meet with a representative of CIR/SEIU within 10 working days after receipt of the written grievance and shall give an answer within 10 working days after meeting with the CIR/SEIU representative.

If the Vice President of Human Resources or his/her designee's written response does not resolve the grievance, CIR/SEIU may, within 10 working days after it receives the Vice President of Human Resources or his/her designee's written decision, submit the dispute to final and binding arbitration pursuant to the Voluntary Labor Arbitration Rules of the American Arbitration Association.

4. A Resident may be reassigned from and/or relieved immediately of medical responsibilities prior to a hearing without pay only where the Hospital determines that the Resident's continued presence in the hospital is a risk to the health and safety of patients and/or staff. Such determinations must be communicated in writing and presented to the Resident and to the CIR/SEIU Contract Administrator. This determination may be grieved starting at the Second Step of Article 13 (Grievance Procedure) within 10 working days after the written determination has been received.
